

# DISICIDE® SKIN DISINFECTANT SPRAY

DISICIDE®

Water-based, alcohol-  
and solvent-free  
environmentally  
friendly Disicide® Skin  
Disinfectant Spray

100%  
Vegan

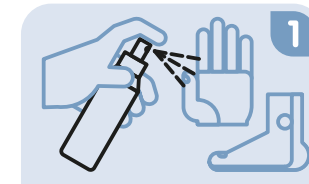

Kills 99.9% of bacteria,  
fungi and viruses  
under EU regulations  
EN 1500, EN 13727,  
EN 13624

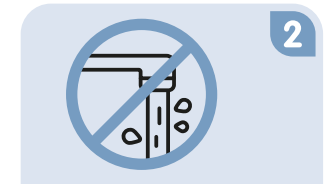

Perfect for **Manicurist Pedicurist  
and Tattoo/piercing Salon** before  
and after procedure

Disicide® Skin Disinfectant Spray is effective against **vegetative forms of gram-negative and gram-positive bacteria** (*Treponema* spp., *Neisseria gonorrhoeae*, *Trichomonas* spp., *Chlamidia* spp.), Pathogens of nosocomial infections and tuberculosis, infections of viral etiology (hepatitis viruses, HIV, herpes viruses, influenza and other respiratory viral infections), yeast-like fungi of the genus *Candida*, dermatophytes, as well as lipophilic viruses. It acts on bacterial spores only at elevated temperatures. Cleans and disinfects the skin without causing damage.

**Apply on skin** right  
before the procedure.

**Do not rinse.**
